Coronavirus (Covid-19) New Films

Information Films to Assist Seafarers

June 2021

Dear Member,

Following the World Health Organisation's declaration of the Coronavirus Pandemic in 2020, we produced four information films to assist seafarers dealing with this unprecedented situation.

The four films "[Coronavirus - Stay Safe On Board](#)", "[Coronavirus – Mental Resilience On Board](#)", "[Coronavirus – Protection on Board](#)" and "[Coronavirus – Crew Change](#)" are all available to download from our website [here](#), where you will also find links to subtitled language versions of each film:

As new mutations of the virus are emerging, extra precautions are being taken by National Governments the world over, resulting in more stringent requirements for both personnel and ships and further affecting the work and lives of seafarers.

As a result, two new films have been produced "[Covid-19 Update](#)" and "[Covid-19: The Vaccine Perspective](#)", which can be viewed on our website.

The first of these new films discusses the effects of the significant changes imposed by Flag States, Labour Supply Countries, Port States and Port Authorities, and issues such as:

- How to maintain mental resilience.
- How to deal with COVID-19 on board and stay safe.
- How seafarers are affected during crew change.
- How the distribution of vaccines may change the situation.

The second film – the sixth in the Covid-19 series - provides information relating to the vaccines and includes:

- The Covid-19 Infection.
- Preventative measures.
- How the vaccines work.
- The various types of available vaccines – how they differ.
- How seafarers can receive vaccination.

Subtitled language versions of these new films will be added to the website shortly.

The films were produced by Marine Media Enterprises with the support and assistance of Columbia Ship Management, Anglo Eastern Ship Management, Singapore Shipping Association, Uluosoy Sealines, Bernhard Schulte Shipmanagement and Maritime Training Centre, Sea World Management and Trading Inc, The International Chamber of Shipping, InterManager, The Nautical Institute and Steamship Mutual.

For distribution to your fleet the film is also available from lbond@marinemediainterprises.com.
